Tonight's Principle Memorize the Word

Psalms 119:11
Thy word have I hid in mine heart, that I might not sin against thee.

It is an important part of our walking in victory in Jesus that we learn and apply the principles of memorizing scriptures.

Memorizing is defined as:

the faculty by which the mind (the heart, the spirit) store and <u>remembers</u> information.

Question?

What technique or process can we employ to assist us to "hide" the word?

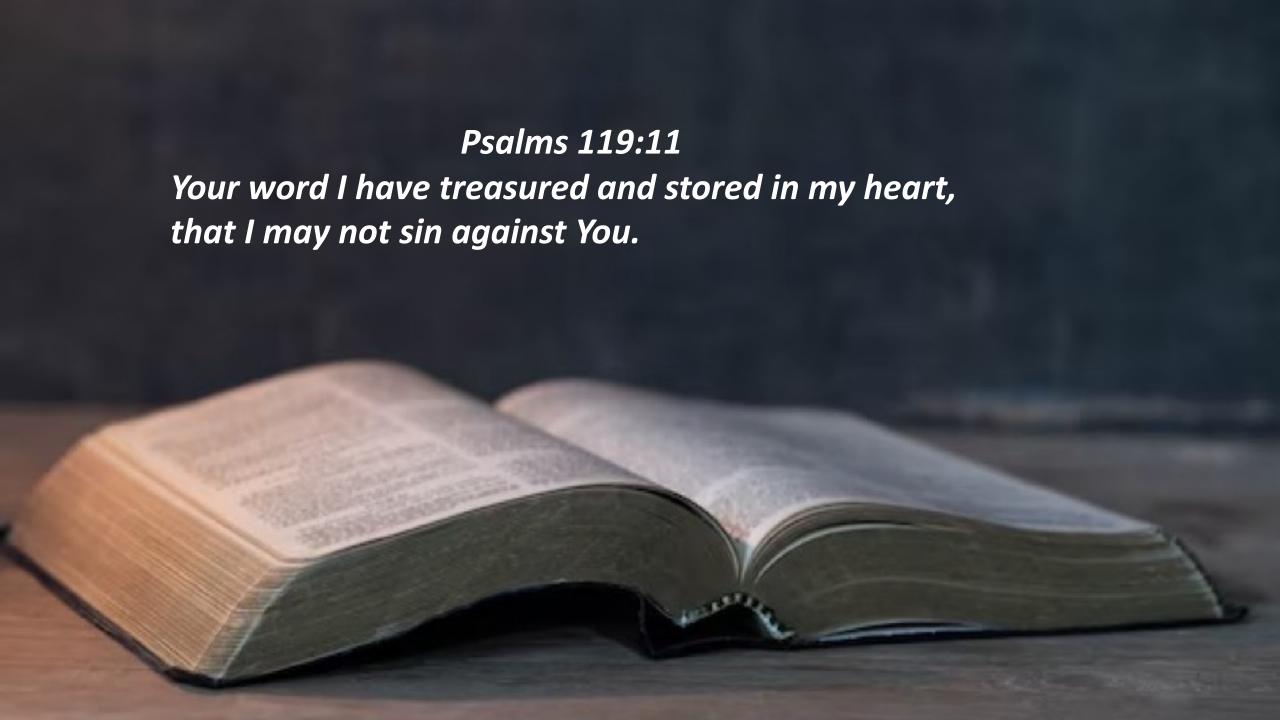

There are four (4) principles that we need to discuss in order for the memorization of scriptures to be effective.

They are:

- Being Intentional
- ➤ Meditate on the word
- ➤ Write down scriptures / take notes.
- Learn to recite what you write down.

Psalms 1:2

• But his delight is in the law of the Lord, And on His law [His precepts and teachings] [he habitually] [meditates day and night.

Please notice the wording in: Psalms 119:11.

" treasured and stored in my heart "

Psalms 1:2

"and on his law (his precepts and teachings) he hebritaally meditates day and night.

Both verses indicate the principle of being intentional.

What does it mean to be intentional?

Intentional:

- Something done on purpose
- Deliberate
- Intended
- Thought on in advance
- A forethought
- Premediated

The memorizing of the scriptures cannot be accomplished without a sense of being deliberate, without intention, without having some forethought! We must instill in the lives of the saints a mind set of being PURPOSED when it comes to memorizing scriptures.

How does one become intentional?

- 1.Develop a structural Biblical reading. (ie . Daily Bread, Morning and Evening Devotion)
- 2.*Learn to underline and highlight scriptures for review.
- 3.*Actively review your personal notes and ministry notes.
- * = points will be discussed again in this series

The remainder of the principles will not be effective or advantageous **UNLESS** an intentional mindset is placed in motion.

Let's start NOW.
